Tamarind Tree Hotel,  
Langata, Nairobi

The 110 room Tamarind Tree Hotel is 4/5 star hotel that caters for both business and leisure guests. The hotel boasts an iconic Tamarind restaurant, conference and leisure facilities. Henson and Ers were an integral part of the furniture supply and for the furnishing of the public spaces, including the restaurants and conference facilities. We worked closely with the Interior designers and the operators in assisting with selection and sourcing of all items required. Our scope included manufacture, logistic support from the factory in Turkey, delivery to site and assembly of the furniture. The decor throughout this vibrant hotel reflects bright modern textures, tones and colours while local art and photography adorn the walls of each room, bringing a true taste of modern Nairobi to complement the hotel's relaxed feel.

Karelli, is ISO 9001 Quality System certified and all goods are produced to CE standards.

We

## SERVICES

### Commercial Kitchen Design

The selection of equipment and the way it is integrated into the "operational environment" can be critical to the efficiency of a Kitchen. Our in-house designers use the very latest CAD technologies to make your ideas and aspirations become a reality whilst taking into account your budget, timescale and menu to deliver the optimum kitchen for your specific requirement.

### Kitchen Installation

Our team of fully qualified and experienced engineers will install your new equipment to the very highest standards and in accordance with manufacturers' requirements. You can also rest assured that all current legislation and Health & Safety requirements are adhered to. Our engineers are managed and fully briefed by our Project Manager and carry out professional installations of commercial kitchens.

### Project Management

Our hands-on approach from the first meeting on site to the final commissioning of your new kitchen ensures a smooth and efficient project implementation. In order that customers fully understand our proposals we always produce a schematic drawing detailing our proposals as part of our cost estimates.

### Equipment Service & Support

Breakdowns are never convenient; which is why our reactive commercial kitchen maintenance service has been designed to keep downtime to a minimum. You call, we respond. It's as simple as that.

### Modelling & Drawings

We offer advanced 3D modelling, using the latest commercial kitchen design software. Our software enables us to produce high quality 3D rendered elevations as well as the usual 2D CAD drawings.

# OUR CLIENTS

HENSON

LAUNDRY

HENSON Laundry is an East African company specialising in the supply, support and lifecycle maintenance of commercial laundry equipment. We are the official distributors for Tolon Global Makina San ve. Tic. A.S, whose factory is based in Izmir, Turkey.

### Making a difference since 1937

First established in 1937, TOLON specialises in fully automated industrial washer-extractors, tumble dryers, ironers and towel folders. TOLON is one of the world's most innovative laundry equipment manufacturers, with a leading market share in heavy-duty laundry equipment and in 2016 became an official partner of the JENSEN-GROUP.

The full range of state-of-the-art equipment is specifically designed to withstand difficult and extreme working environments in different market segments, such as hotel laundries, commercial laundries, hospital laundries, OPL applications as well as coin operations.

# SERVICES

## Bespoke Project Design

We know that time and space limitations are the main issues of contemporary fast-moving service operations. Businesses wanting to launch industrial laundry systems desire maximum efficiency within the minimum space. Our design experts can help design your space to meet these objectives.

## Installation & Training

Our in house team of experts have been trained in Turkey and will provide installation, testing and training to your staff.

## Reactive Support

Breakdowns are never convenient; which is why our reactive commercial laundry maintenance service has been designed to keep downtime to a minimum. You call, we respond. It's as simple as that.

## Planned Maintenance

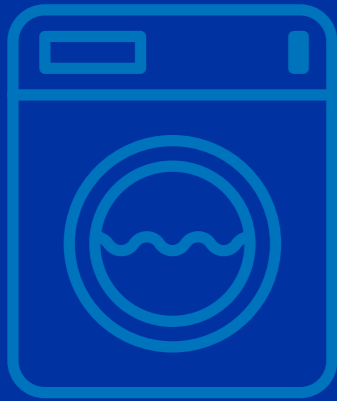

From annual maintenance checks to fixed cost service packages, we will help to extend the effective, safe and efficient life of your equipment.

## Aftercare & Support

To put things simply, we take control. We employ our own in-house team of experts who are on hand to support our customers with anything from the smallest query to breakdown resolution.

## WASH EXTRACTORS

TWE RANGE

TWE10 / TWE15 / TWE18 / TWE24 / TWE28 / TWE40 / TWE60 / TWE110

### Compact

Maximum efficiency in tight spaces thanks to compact dimensions and zero-space adjacent placement.

### High tech
